An Integrated Global Business

GLP is a leading global investment manager and business builder in logistics, real estate, infrastructure, finance and related technologies. Our combined investing and operating expertise allows us to create value for our customers and investors. We operate across Brazil, China, Europe, India, Japan, the U.S. and Vietnam and have more than US\$120 billion in assets under management in real estate and private equity.

About GLP in Europe

GLP owns one of the highest quality portfolios in Europe with assets located in key global gateway and population centres across Germany, UK, France, Spain, Italy, Poland, Hungary, Slovakia, Czech Republic, Netherlands and Belgium.

We have industry-leading capabilities across the whole value chain including Investment, Development, Asset management and Leasing. We have a proven track record of delivering 11.5 million sq m of warehouse space to a broad range of customers.

Our portfolio is characterised by prime big box logistics assets developed to industry-leading specifications and occupied by a diverse customer community. Our current operating portfolio consists of more than 9.5 million sq m across the strategic logistic markets, and we manage four funds in Europe totalling more than €14.3 billion AUM.

From our existing land bank, we have the ability to develop a further 3 million sq m of new space in strategic locations within our key European markets.
